### Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The claims in this application have been allowed because the prior art does not disclose a heated pet enclosure including a floor section with side, rear, and front walls; a roof section with angled side walls joined to form the roof and a front wall having an opening corresponding with an opening in the floor section front wall; a rigid polymeric tank; a submersible thermostatically-controlled electric water heater; and insulation material surrounding the tank. Prior art references disclose enclosed animal shelters and a heated animal bed; however, none disclose the features recited above or an obvious combination of features that would result in the instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

It is noted that the examiner approved deletion of "pet mat" from amended claim 1. Allowance of the claim was not contingent upon the presence of this element.
